

MOTION BY SUPERVISOR GLORIA MOLINA

October 28, 2014

Amendment to Item #17

**GAIN CASE MANAGEMENT SOLICITATION**

The GAIN Case Management Contract with Maximus has existed since July 17, 2012. The 20-month contract extension is being requested due to recent changes to the State WtW program and upcoming technology conversions. DPSS is currently awaiting specific State requirements for the Family Stabilization Program, which is a new component of the State mandated WtW program. Additionally DPSS will undergo the conversion to implement the LEADER Replacement System beginning Fiscal Year 2015-2016 through February 2017.

According to the Department, because of the State's new program and LEADER conversion, a 20-month extension is warranted. Per DPSS, a new solicitation for the contract may be issued in January 2016. It is critical that the new solicitation come before the Board for approval to ensure cost effectiveness and program effectiveness.

**I, THEREFORE, MOVE** that Department of Public Social Services return to the Board to consider the release of the solicitation of GAIN Case Management. The solicitation should include the program enhancements for the Family Stabilization Program and a complete review of the cost effectiveness of bringing these services into DPSS.
